

## Paramo El Angel expedition 3 days 2 nights

1 night/2 days. 'Jurassic Park without the dinosaurs'. This unique reserve at about 12,000 feet, is 2 hrs north of Cusín & near the dry Chota valley.

Tens of thousands of 8-foot high frailejones resemble a 'cross between a giant chrysanthimum & a palm tree'.

Take the boardwalk to an extinct volcanic crater-lake. Stay overnight at Hacienda San Francisco, or Paramo lodge or Hacienda Píman. 2-day 3-seat taxi, from \$150 PP.
